**Urging City and State Governments to Switch
Wireless Service to Unionized Providers**

WHEREAS, it is imperative that state and local governments patronize companies that adhere to the highest standards of corporate citizenship;

WHEREAS, state and local governments around the country are significant institutional customers and have both the ability and responsibility to choose to do business with companies that respect workers' rights to collectively bargain;

WHEREAS, state and local governments, on behalf of the working men and women they represent, should support unionized companies like AT&T, formerly Cingular Wireless which is the only union wireless vendor in the country;

WHEREAS, the telecommunications industry is one of the most visible and dynamic industries in the world, and the more attention we can bring to the success story of AT&T the better;

WHEREAS, it would be a tremendous boost for our members and their families if state governments make it a priority to do business with companies like AT&T;

NOW, THEREFORE, BE IT RESOLVED, that the Greater St. Louis Labor Council and its affiliates fully commit to:

1. Switch wireless service for professional use to AT&T to support a unionized company and its workers and also save money through an 18% per month discount for unions and union employees and their families;
2. Reach out to city and state government officials to encourage them to switch governmental contracts for wireless service to AT&T; and
3. Inform our membership about this campaign and encourage them to switch cell phone service and advise them of the 10% discount available to union members at AT&T through Union Privilege.

Nancy Cross, Vice President SEIU, Local #1 MO Division, submitted a resolution to be sent to the AFL-CIO National on raiding. The resolution is as follows:

RESOLUTION ON RAIDING AND ORGANIZING INTERFERENCE

As union members and leaders, we are committed to building a powerful voice for workers on the job, in the economy, and in political and legislative venues.

No matter what our union affiliation, we are united around our shared goals of building a stronger labor movement and a better future for all working families.

When only 8% of private sector workers are organized, we believe raiding other unions and interfering in other unions’ organizing campaigns are a waste of precious resources and serve only to divide workers at the worst possible time.

Now is the time to unite workers, not divide them. A huge opportunity lies just around the corner to elect a pro-workers president, win universal health care, and achieve the freedom to form a union for all workers.

Raiding other sister unions and interfering in their organizing campaigns run directly counter to time honored trade union principles. The very purpose of state and local central labor bodies is to foster cooperation among all participating unions and speaking with one voice so that we are able to unite our strength to achieve economic justice for workers and their families.

Unions that fail to adhere to these bedrock principles have failed to live up to the basic requirements of cooperation and solidarity that form the basic tenets of the central body.

**THEREFORE: BE IT RESOLVED:
I. DEFINITIONS**

Executive Board Meeting

07/10/08

Page Five

For the purposes of this resolution, the term “established collective bargaining relationship” shall be given the same meaning and application as that term is defined in Article XX of the AFL-CIO Constitution, including determinations rendered under Article XX, (1) by the Impartial Umpires or (2) in appeal decisions and policy statements issued by the AFL-CIO Executive Council, except that “established collective bargaining relationships” shall not include members-only arrangements. “Members-only” means a situation in which a union has achieved a limited form of recognition, but has not been certified or recognized as the sole, exclusive, or majority representative of an employee group by an employer or a certifying agency. The term “member unions” as used in the Resolution shall include all members of this central body, including unions that participate by virtue of their receipt of a Solidarity Charter from the AFL-CIO.

II. NO RAIDING

No member union of this central body shall attempt to raid, decertify or otherwise terminate the established collective bargaining relationship of any other member union during the term of this Agreement. Where a member union currently represents workers in an established collective bargaining relationship, no other member union shall make any effort to become the bargaining representative or to de-authorize any other member union’s representation rights. If any member union is approached by workers expressing an interest in changing representatives, it shall inform the workers of this Resolution and encourage them to work within their existing union structure to resolve their concerns.

III. NO INTERFERENCE IN ORGANIZING CAMPAIGNS

No member union of this central body shall interfere in the organizing campaign of another member union of this central body.

IV. NO INDIRECT RAIDING OR INTERFERENCE

All member unions agree that they will not seek to accomplish indirectly that which they cannot do directly under the terms of this Resolution. In this context, no member union will encourage or support an allied organization (or any third party) with respect to any activity (or threatened activity) that if taken by any member union would violate this Resolution. Nor will any member union seek to benefit from any such activity undertaken by an allied organization or third party. Nothing in this Resolution shall be interpreted to preclude one member union from seeking to represent a unit in which another member union was decertified if the union seeking representation rights did not participate or assist in any way, either directly or indirectly, in the decertification.

V. ENFORCEMENT

Any member union that violates a provision of this Resolution shall be expelled from this central body.

VI. SOLICARITY CHARTERS

Executive Board Meeting

07/10/08

Page Six

This central body strongly urges the Executive Council of the AFL-CIO to revise the language of all Solidarity Charters to include full protection for all unions that are issued such charters under the provisions of Article XX of the AFL-CIO Constitution, which requires respect for established collective bargaining relationships, and under the provisions of Article XXI of the AFL-CIO Constitution and all other policies, programs and determinations of the AFL-CIO Executive Council regulating organizing competition among affiliates.

A motion was made, seconded and approved to support the resolution.

A suggestion was made to provide a link on the Labor Council website to the various Labor Clubs so that information can be shared.

Marcia Cline, United Way of Greater St. Louis advised the Board that a kick-off of the 2008 United Way Campaign will be held on September 19, 2008 at the Olin Trap Shooting Range in East Alton, IL.

Marcia also reminded the Board about the School for Women Workers' opening program and reception July 10, 2008 at 6:00 p.m.
